Inmate Cases

To approve a motion to grant relief by the Pardons Board, a majority, which includes the Governor, must be in agreement. Any motion to grant relief in which the Governor is not in agreement does not pass.

**Any inmate who is granted immediate parole eligibility will appear on a special agenda of the Parole Board to be scheduled in January 2018.

Note regarding motions to commute sentences to run concurrent:

It is assumed that a favorable action to commute a sentence to run concurrent with another active sentence results in the start time of the commuted sentence to match the start time of the sentence it is commuted to.

If the Board desires a sentence commuted to run concurrent with another active sentence but have the start time of the commuted sentence to begin effective the date of action, the motion should so specify (ie, the motion could state that the sentence is commuted to run concurrent effective this date or XX date, with immediate parole eligibility. This would result in the inmate being eligible for parole, but would have the entire sentence to serve which could add to parole time if the inmate is paroled).
